

Norfolk Way Innovation Awards – 2017

Categories

1. Outstanding contribution to Science/STEM subjects at Key Stage 2

This could be a student who has made enormous progress, attended after school clubs or has shown great potential. Last year the winner was from Scarning Primary

2. Outstanding contribution to Science/STEM subjects at Key Stage 3

Last year the joint winners were from Dereham Neatherd

3. Outstanding contribution to Science/STEM subjects at Key Stage 4

The winner in 2016 was from Attleborough Academy

4. Outstanding contribution to Science/STEM subjects at Key Stage 5

This is a new category this year!

5. Most Innovative Junior School Science/STEM Project

This could be a school project that has “thought outside the box” or been surprisingly simple, or a project that has had surprising results. Last year, won by Northrepps Primary

6. Most Inspiring Junior School Science/STEM Teacher

*Is there someone in your school that deserves special recognition?
Last year, the winner was from Thurton Church of England Primary*

7. Most Inspiring Secondary or Sixth Form School Science/STEM Teacher

*This could be a member of your team who runs extra clubs or who just deserves a special mention?
Flegg High School won last year*

8. Best STEM or Nuffield Crest ‘A’ Level Project

Last year, the joint winning students from Wymondham High showed an exceptional understanding of their subject
